

König AQUA Clear Lacquer

A34200 - A34600

Intended Use

- For new and re-lacquering in interior areas.
- Ideal repair lacquer when finished surfaces have to be reworked.
- A mobile spray system, especially for the after-sales service.
- Recommended for indoor use.

Characteristics

- A physically drying, waterborne system.
- Different gloss levels.
- Low on odours.
- Will not yellow.
- Good adhesion properties.
- Limited UPVC-resistance (window and door gaskets).

Application Notes

Shake can well and spray briefly to clear the valve. Test product on an inconspicuous area first to ensure adhesion and compatibility with the surface. Process at room temperature – do not spray on cold/hot surface. Do not use in the gasket area of windows and doors. Surface must be clean and free of grease. Pre-treat, if necessary (sand lightly and remove sanding dust). Apply wet coats when new or re-lacquering. For vertical surfaces, several thin coats are best. Allow lacquer to dry for approx. 10 minutes before applying the next coat. The lacquer spreads while drying, thus overspray and transitions are hardly visible.

To adjust the sheen of a repaired area, spray on a thin coat of AQUA Clear Lacquer. Spray distance approx. 30-40 cm.

Physical Properties and Shelf Life

- Dust-dry:** after approx. 15-20 minutes
Touch-proof: after approx. 30 minutes
(dependent on room temperature and coat thickness)
- Lightfastness:** good
Coverage: approx. 2 m² per 400 ml (single application)
Overcoat: as far as known with all aqueous systems
Shelf life: minimum 1 year
(stored upright at room temperature, unopened original container)

Safety Precautions

Please refer to label and material safety data sheet.

Disposal

- Dispose of König aerosol cans in accordance with legal requirements only when completely empty. For further information, please ask your local waste industry office.
- Leftover material to be disposed of in accordance with EWC 150110 (packaging containing residues of or contaminated by dangerous substances).
- Heinrich König & Co. KG take care of the disposal of Sprüh-König aerosol cans, provided they are returned 'carriage paid' to the address stated below.

Packaging

On request.
